Mickey,

Pleasure talking with you this morning.

Our people will be in Houston today and tomorrow to pick up boxes of CES Houston documents. Courtney will ask them to call you tomorrow (936.856.7314) during their return trip to Dallas when they get to the Woodlands. They will plan to meet you in Willis, TX somewhere near the FM 1097 exit to pick up your original 15 CDs (scanned copies of the CES Houston documents).

Please sent me the contact numbers for Sam Brown and copies of documents for the approximate 700 drums that were picked up from CES Houston.
